

PRESIDENT: Is that the motion?

CLERK: Yes.

SENATOR KEYES: That's the motion, but if there is no opposition we sure don't want to talk about it.

PRESIDENT: Record your vote on the motion to withdraw. Have you voted? Record.

CLERK: 26 ayes, Mr. President, on motion to withdraw and cancel the hearing.

PRESIDENT: The bill is withdrawn. Item B. Senator Kelly.

CLERK: Mr. President, Senator Kelly moves to return LB 123 to Select File for a specific amendment. The specific amendment is set out in full on page 471 of the Legislative Journal. (Read amendment).

PRESIDENT: Chair recognizes Senator Kelly.

SENATOR KELLY: Mr. President, members of the Legislature. The problem that has been experienced in the staggering of license plates and registration is that everything falls due in January. It keeps making January and February the huge months and the huge workload at the county level. LB 123 was introduced to alleviate this problem. With raising the people that can buy I refer to it as, bulk registrations from three to five helps in this area. However, if we would allow those people that buy bulk licenses to buy them in months other than January it would be a bigger help yet in solving this problem of the jam up in January. That is all this does is allow those people with maybe hundreds of registrations to choose March, April or September instead of all of them having to do it in January. I move the adoption of the amendment.

PRESIDENT: The motion is to return, but with your permission we will discuss the merits of the motion at the time we're discussing the motion to return. Senator Warner.

SENATOR WARNER: Question of Senator Kelly.

SENATOR KELLY: Yes Senator Warner.

SENATOR WARNER: Senator Kelly, do I understand you would retain the five, but you would get them in other months other than January and February and that is it?

SENATOR KELLY: Yes, that is right.

SENATOR WARNER: Would you object to going back to three, as long as it could be other months? I probably had more phone calls for people objecting to even the limit of three and I'm going to get a great many more with five,...people objecting to, because they had three or four vehicles after the run in several times a year.

SENATOR KELLY: Yes, I have no objection to the number three whatsoever, Senator Warner.
